

# University of Urbino

## “Carlo Bo”

### 1506

**The University was founded in 1506 and the first  
course of study was jurisprudence.**

**One of the oldest universities in Italy:**

**512 years!**

**students almost equal to the number of  
inhabitants**

**- 14.786 Urbinati**

**- 14.116 students from all over Italy**

- 
- An aerial photograph of a historic Italian town at dusk. The town is built on a hillside, with a large, prominent brick building featuring a central dome and two towers with conical roofs. The buildings are illuminated from below, creating a warm glow against the darkening sky. The foreground shows the rooftops and lower levels of the town, with some trees visible in the lower right corner.
- 6 departments
  - 15 three-year degrees
  - 14 biennial degrees
